Sub.: Appreciation Letter

This is to certify that Guru Gyan Singh Education Society (N.G.O) is a good organization to help poor and needy peoples for education, food, clothes, health check-up, stationary distribution and other charitable activities. I feel very happy to know that this NGO actually work for betterment of society as well as our country. I appreciate organization like GGSES for all very good social work that people usually do not pay much attention.

Charitable work like education, food to poor as well as needy people is the noble task which we all must try to do. My heartiest thanks to Guru Gyan Singh Education Society who actually doing this very job without any favor.

Thanking You

Yours Sincerely
